

Mini-Martian Marathon 2022

Dear Parents,

Listed below is this year's registration information for the Mini-Martian Marathon. Due to Covid the last couple of events were either canceled or run via zoom. This year Running Fit plans to run the event outdoors like in the past. If your child is interested in running the event this year please go to the link listed below for more information about the event and to register. Due to Covid this year the parents/guardians will be responsible for signing up, training, and transportation to and from the actual event on Saturday April 9th at noon (Ford Field Dearborn, map included inside of link).

The cost of the event is \$20 which includes an inflatable martian, t-shirt, and a medal when crossing the finish line on race day. In the past we have had big attendance numbers and hopefully we will get back close to where we were in the past. This is an outside the school event that each interested parent/student will be responsible for registration, training, and race day responsibilities.

Mini Martian Marathon

How cool is this?! You get to run 26.2 miles, and because Martians like short people, they are giving you from now until April 9, to do it!

Rules: Run 25 miles between now and April 9. On April 9, come to Dearborn's Ford Field Park and line up to run the last 1.2 miles of your marathon in front of thousands of fans! Once you've finished, you will receive an inflatable martian, t-shirt, and the same Martian Marathon finisher's medal that the adults get! Start logging your miles today, and we'll see you on Earth on April 9!

Mini-Martians: Log Your Miles, Then Join Us!

Log your first 25 miles before April 9, using the log that you download from www.martianmarathon.com/kids/. On April 9, join the rest of the Mini-Martians in finishing the Martian Marathon.

WHERE: Brady Street @ Dearborn's Ford Field Park

WHEN: April 9, 2022

Martian Guys says.....

Running is cool because you can be any age and be a great runner! I'm 112 years old. (We live a long time on Mars because we run!) When I was a kid, I wanted to be a basketball player, but I was only 2 feet tall. They wouldn't let me onto the basketball team. I was so mad that I ran out of the gym, and ran and ran and ran and ran. While I was running, I passed the school's running team. The coach grabbed me and put me on his team. Even being a little, short, green guy didn't matter. I found out that I was a great runner! You could be a great runner too—just run, walk, or wheelchair and get started moving!
